## **Business Development position**

**Category:** Systematic Macro Investment Strategy (Hedge Fund)

**Location:** Flexible (company is based in Crystal Bay, NV)

**Position:** Seeking an aggressive, persistent and self-motivated Business Development person for a long term systematic portfolio of equities and futures. Firm offers a Fund (Limited Partnership) and is registered as a CPO with the National Futures Association. The BD position will assist with sales and marketing functions. Support the principals and marketing professionals in the sales effort. The role involves a unique opportunity to contribute to the growth of an emerging asset management firm.

The firm has recently been included on the Pershing AI platform and the Schwab AI platform. The firm is now specifically targeting independent RIAs and B/Ds that clear through Pershing and Schwab (the firm is in discussions with TD Ameritrade and eventually plans to target NFS).

Need to be out-going with an interest in the investment world. Prior experience in any financial related role would be of interest. We are looking for a well-rounded individual that is comfortable phoning and e-mailing prospects. Someone that has skill with spreadsheets would be useful. Any marketing experience is an asset. Duties could include managing/developing marketing promotional programs. We are willing to spend the time to train the candidate. We have aggressive goals and we therefore require an organized self-starter that is comfortable with computers and popular software including the use of our CRM system.

University degree is required. FINRA Series 3 is required within 3 months of hire date (and Series 30 if remotely located).
